Ms. Cox,

I am glad that we were finally able to connect by phone today after trying to do so for several days.

I understand that you will be meeting tomorrow and on Monday. It would be incredibly important for the EPA to reach a position by Monday at the latest. I understand that may be the case but not necessarily.

As you know, we are going back to court tomorrow morning and the judge may continue the matter yet another time. If so, then Monday would be the last possible opportunity, in my opinion, for the EPA to communicate with the respective parties.

I will call you tomorrow to communicate the court's decision and to further discuss where the EPA may be at that juncture.

Thank you.

Victor

Dear Sirs:

I received a call from both parties today regarding EPA's position regarding the property located at 1318 Fitzgerald Ave and the relative liability of the parties. We have received financial information from Ms. Gonzalez and are reviewing it. We are also having internal discussions tomorrow and next week regarding this case. Unfortunately, I do not have anything new to share with you at this time. I will be in the office tomorrow if you would like to discuss this further.
